

Special Needs Ministry

In Christian Education programs at Wildwood Presbyterian Church we want to assist every child as they grow and develop in their Christian journey of faith. Because of this special goal we welcomes love and support children and their parents with special attention given to situations that require a little extra one-on-one help or extra staff training.

Our approach to classroom management looks closely at behavioral expectations, classroom environment, scheduling, and problem solving techniques. We realize that all children learn in different ways and could benefit from the structure and loving approach to discipline that this ministry employs.

In order to accomplish our goals we take extra care to have simple rules and well defined schedules introduced, posted, and reiterated. We encourage parents to schedule a “walk-through” to discuss accommodations that would work best for their child’s specific need.

We need extra folks who are willing to be trained to be an assistant to a child or youth that needs a little extra help and gain a deeper understanding of what works and what doesn’t with that student. If you feel called to this important and rewarding ministry please contact Kathy Gillmore in the church office at (847)223-0073 or email her at wpckathyg@sbcglobal.net.
